Subject: Contract Fulfillment

Attention: Mr. Mark Hanson

Gentlemen:

We are pleased to confirm that we awarded to Insultec, the contract for the engineering, supply, export packing and shipping of insulation, cladding and refractories for the Muara Karang Combined Cycle Phase II in Indonesia.

The total value of Insultec's contract was US\$ 141,136.99. The materials supplied by Insultec included calcium silicate pipe covering and board, aluminum lagging, prefabricated aluminum elbows and various accessory materials.

Insultec performed the following activities in a professional manner and to our satisfaction during execution of the contract:

- Detailed material take-off from BVI drawings and specifications.
- Worldwide procurement of insulation, lagging and accessory material.
- Preshipment inspection and quality control.
- Export packing and shipment.

We wish to thank Insultec for the cooperation and support extended throughout the project and meeting their contractual shipment dates.

Very truly yours,

BLACK & VEATCH INTERNATIONAL
